***COVID SAFETY PROTOCOL**

The safety of our valued staff and customers is of utmost priority to us.

IMPORTANT: Please do not visit our store if you have any symptoms, unless you have received a negative PCR test, (not a flow test, it must be a PCR test.)

Despite the government relaxing of rules on the 19th of July we shall be continuing with the same procedures as last year, we feel it is far better to be safe than sorry! We are also striving hard to keep our business open.

We shall be restricting numbers to 16 customers in store at all times.

When possible, we request only one parent and one child per visit, please.

This will keep numbers in store to a minimum and help us to maintain a Covid safe environment.

To help protect each other we shall continue throughout the summer, to uphold a strict policy of wearing facemasks instore, unless medically exempt.

We kindly request that if you are exempt, that you wear a lanyard or similar, providing clarity, thank you.

On entering the store, please use the sanitiser on the left (or your own) and observe the one-way system where possible, please respect the space of staff members and other customers.

Please pass any items that have been tried on to a member of staff, to be quarantined for a period of time.

Items bought online from our website and returned, will also be quarantined for a period of time.

We kindly ask parents and carers to discourage children from handling items unnecessarily, such as footballs and fitness weights.

Disrespectful behaviour towards staff (or other customers) will not be tolerated; we appreciate your patience and understanding during these busy and challenging times!

***Please be aware that our protocol measures may be subject to change at short notice in accordance with government guidelines.**
